

### Safety Data Sheet

according to SANS 10234:2019 and SANS 11014:2010 Issue date: 5/21/2024 Revision date: 5/21/2026 Version: 1.1

### **SECTION 1: Identification**

#### **1.1. Product identifier**

Product form Trade name Type of product Product code Product group : Mixture : Fresh 24 - Delightful

: Vehicle interior air freshener

: SH646

: Trade product

#### **1.2.** Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture

#### 1.3. Supplier's details

#### Manufacturer

Shield Chemicals (Pty) Ltd 9 London Rd Apex P.O. Box 1939 1501 Benoni – Gauteng South Africa T (011) 421 7111 Contact: Jayson Clark

#### 1.4. Emergency telephone number

Emergency number

: (011) 421 7111

| SECTION 2: Hazards identification                |                                                                                               |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------|
| 2.1. Classification of the substance or mix      | ture                                                                                          |
| Classification according to the United Nations G | BHS                                                                                           |
| Serious eye damage/eye irritation Not classified |                                                                                               |
| Skin sensitisation, Category 1                   | H317                                                                                          |
| Reproductive toxicity, Category 2                | H361                                                                                          |
| Hazardous to the aquatic environment – Acute Haz | ard Not classified                                                                            |
| Full text of H-statements: see section 16        |                                                                                               |
| 2.2. Label elements                              |                                                                                               |
| Labelling according to the United Nations GHS    |                                                                                               |

| Vapour pressure at 50°C                         | : No data available   |
| Relative vapour density at 20°C                 | : No data available   |
| Relative density                                | : No data available   |
| Relative density of saturated gas/air mixture   | : No data available   |
| Density                                         | : No data available   |
| Relative gas density                            | : No data available   |
| Solubility                                      | : Insoluble in water. |
| Partition coefficient n-octanol/water (Log Pow) | : No data available   |
| Partition coefficient n-octanol/water (Log Kow) | : No data available   |
| Viscosity, kinematic                            | : No data available   |
| Viscosity, dynamic                              | : No data available   |
| Explosive properties                            | : No data available   |
| Oxidising properties                            | : No data available   |
| Explosive limits                                | : No data available   |
| Lower explosion limit                           | : No data available   |
| Upper explosion limit                           | : No data available   |
|                                                 |                       |

#### 9.2. Other information

No additional information available

#### **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions.

**10.3. Possibility of hazardous reactions** 

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

Avoid contact with hot surfaces. Heat. No flames, no sparks. Eliminate all sources of ignition.

# Safety Data Sheet

according to SANS 10234:2019 and SANS 11014:2010

#### **10.5. Incompatible materials**

#### No additional information available

**10.6. Hazardous decomposition products** 

Under normal conditions of storage and use, hazardous decomposition products should not be produced.
